

MONTENEGRO AND TURKEY AT WAR; OTHERS MAY JOIN

Balkan State Outwits Powers; Note of Intervention Is Served Too Late

CONSTANTINOPLE, Oct. 8.—Prior to receiving his passport from the Turkish government the Montenegrin charge d'affaires, M. Plamenatz, handed the following note in behalf of his government to the porte:

"I regret that Montenegro has exhausted without avail all amicable means of settling the numerous misunderstandings and conflicts which have constantly arisen with the Ottoman empire."

"With the authorization of King Nicholas, I have the honor to inform you that from today the government of Montenegro causes all relations with the Ottoman empire, leaving it to the arms of the Montenegrins to secure recognition of their rights and the rights that have been ignored for centuries, of their brothers in the Ottoman empire."

"I am leaving Constantinople. The royal government will have its passport to the Ottoman representative at Cetinje."

(Signed) "PLAMENATZ"

Shortly after the presentation of this note, which was accepted as a declaration of war, a committee of war was held at the great vizier's. The session continued late into the night. The chief General Mahmoud Scherif Pasha, who commanded the Constitutional army and was formerly minister of war, was present. The city is patrolled by strong detachments of cavalry and infantry. A state of siege prevails, and there is much excitement, but no demonstrations are permitted.

M. Plamenatz received instructions Sunday to declare war today, which is the king of Montenegro's birthday.

The Turkish view, as expressed by officials is that Turkey was ready to enter into negotiations about the frontier dispute with Montenegro, and hence Montenegro's complaint on this score was a mere pretext to precipitate a conflict before the powers were able to intervene.

Montenegrin forces, early this morning attacked Durazzo, which at noon was surrounded. Serbian troops are reported on the Serbian frontier, and with Greek bands in the neighborhood of Dibra. An exchange of shots has occurred near Dhimaghia, on the Albanian frontier.

The conflict is deepening here that Montenegro was used as a casus belli by the other Balkan states, in order to forestall European intervention. It is believed that the non-contents of the powers in Bulgaria, Serbia and Greece will now resolve the reply.

"It is now too late, we must go to the success or failure."

Late tonight the Bulgarian, Serbian and Greek ministers were still without instructions from their governments, but their baggage was packed in the expectation of a rupture at any moment. They all seem the idea that diplomatic pressure will now be able to avert war. The universal belief is that only the occupation of Serbia and Bulgaria by Austria and Russia would serve the purpose, but such a contingency is considered out of the question.

LONDON, Oct. 8.—While none of the Balkan state except Montenegro, up to a late hour tonight had declared war against Turkey, everything points to such action within a few days and perhaps within a few hours.

It is believed here that Bulgaria and Turkey are endeavoring to throw the onus of the first hostile act on the other and that Montenegro's declaration of war was made with the connivance of the other Balkan states to forestall interference by the powers. The latter, however, are continuing their efforts to avert war.

Small clashes already occurring on the Montenegrin frontier, in an effort of apparently to hold a Turkish

detail he had left San Diego on September 24th on a fishing trip, and had reached San Francisco on Sunday night. He headed for Drake's bay early Monday morning, he said, and was lying six miles off Bolinas when picked up by the Golden Gate. In contradiction of this story, Surveyor Stephens submits a telegram from San Diego which says that Oosterhuis left San Diego by boat for San Francisco, but for Ensenada.

Oosterhuis said he had bought the Alibi January 2 from Joe Magin, a fisherman of San Diego. He said he had paid for the boat by giving him the bow because the name was bad. He wanted a more up to date designation. The boat was stocked with a supply of canned goods, and about forty gallons of water, but there were no blankets or other evidences of Chinese having been carried.

The government of Russia and Austria at the Balkan states.

SMUGGLING CRAFT AND OWNER CAUGHT

SAN FRANCISCO, Oct. 8.—The United States revenue cutter Golden Gate, acting on information supplied by Charles A. Stephens, deputy surveyor of the port of San Francisco, today and picked up the Golden Gate, owned and captained by John Oosterhuis, who for months has been under surveillance by government officials on suspicion of engaging in smuggling Chinese. The ship, which is the notorious smuggling craft "Neptune," was brought to San Francisco and Oosterhuis and an Italian youth, Andrew Baile, whom he carried as crew, are held at the city prison pending their arraignment before a federal commissioner tomorrow on charges of having engaged in a smuggling conspiracy.

Stephens declared the capture of Oosterhuis to be the most important in the recent warfare against the traffic in contraband Chinese. He is believed to have brought to San Francisco from Ensenada, Mexico, about twenty of a consignment of Chinese, others of which were landed here by the launch Sanson No. 2, which eluded capture yesterday.

Oosterhuis, who lives in San Diego, was at one time owner of the launch "Neptune," which transported Evans, the Los Angeles banker, from Santa Rosa island to Ensenada, and which later was suspected of having been used in transportation of the dynamite which wrecked the Los Angeles Times. His first mate was Adolph Adolphson, convicted by a jury here Friday of having engaged in smuggling Chinese.

Oosterhuis told the immigration officials refused to disclose.

WILSON DECLARES U. S. STEEL IS AIDING "IN THOUGHT"

Replies to Request Made by Roosevelt That He Prove or Retract

MONEY UNTHOUGHT OF

Says Colonel's Utterances on Tariff Practically Same as Taft

KANSAS CITY, Oct. 8.—Governor Woodrow Wilson in his speech at Topeka, Kan., and here tonight, replied to Colonel Roosevelt's request at Albany, N. Y., last night, that the Democratic nominee "prove or retract" the declaration that the United States Steel Corporation is behind the third party program for regulating trusts.

The governor reiterated that the steel corporation was "behind the third party program in thought," and added that he knew nothing of any financial support. The governor amplified his position and made a new attack on the tariff policies of both his opponents.

"I understand from the newspapers," said Governor Wilson, "that Mr. Roosevelt was distressed by my suggestion the other day that the U. S. Steel Corporation was back of his plan for controlling the trusts."

"He interpreted my remark to mean that they were supporting him with money. I was not thinking about money. I do not know whether they

STRONG BOX MAY HOLD 1904 LISTS

Former Republican Secretary Thinks They Are Stored in Chicago

TACOMA, Oct. 8.—That among a multitude of campaign papers stored away with personal effects in a strong box in Chicago there may be lists, particularly of contributors to the 1904 Republican campaign, but that he has no clear recollection of the point, was stated by Elmer Dover, former secretary of the Republican National Committee, today.

Dover is now a resident of Tacoma, who in 1904 was in charge of the campaign, a member of the subcommittee of the Senate committee investigating campaign contributions, on telegraphic instructions from Chairman Clapper.

Dover stated that as secretary of the committee he had nothing to do with contributions, except that in making of copies of various lists of names prepared for organization purposes he might have copies of lists of contributors.

"Do you remember," he was asked by Senator Jones, "having and conversation with Mr. Bliss in regard to the taking of a copy or keeping a copy of the books showing contributions and contributors?"

"Yes, I remember on one occasion he said he was going to retire from politics," from the committee, and that I might in all probability remain indefinitely, and he gave me a copy of lists which he suggested that I keep."

"Do you know what those lists consisted of?"

"I do not remember now," he replied, "but I am certain that lists of contributors and contributors made to the campaign that year."

"My recollection is that they were partial lists, but I could not say definitely."

"I have no recollection of any particular contributors as shown on that list."

"None whatever."

"How did he (Bliss) keep a record of these contributions, by lists or in a book?"

"I do not recall, but it runs through my mind that we made copies of what he gave us."

"Your impression is that he furnished all the originals and you made copies and returned the originals to him?"

"Yes, that is it."

The witness stated that he knew nothing of the debated Harriman, Morgan or Standard Oil contributions to the 1904 campaign.

"The only contribution of which I have knowledge," he said, "was one made at the request of the family of Senator Hanna—\$15,000."

COL. ROOSEVELT IS BETTING FAVORITE IN SAN FRANCISCO

(Special to the Republican)

SAN FRANCISCO, Oct. 8.—The fact of Taft's name being taken from the ticket has not affected betting odds as much as was expected.

When the race in this state narrowed down to a fight between Roosevelt and Wilson, there were predictions heard that it would be "even money, take your pick. However, predicting has failed."

Tom Corbett announced today that Roosevelt was a 10 to 7 favorite and that he was looking for Wilson money.

He said he had ample funds to bet that Teddy would sweep the state, and also that he had even money that he would carry California by not less than 15,000 majority.

"I notice by some of the papers that Roosevelt and Taft are quoted as being even terms in New York," said Corbett. "That is a strange thing, for I have no end of orders from betters who want to bet that Roosevelt will get more electoral votes than Taft. If there is any Taft money back there, I wish they would send some of it out here, for no people are ready to bet that Teddy beats out the President."

INDIANAPOLIS, Oct. 8.—Eugene A. Clancy of San Francisco, a former executive board member of the Iron Workers' Union, was charged in the trial of the dynamite cases today with having admitted to government agents that he assisted in arranging for explosions at Los Angeles.

Clancy's statement, as read to the jury by District Attorney Miller, was: "Before the Los Angeles Times disaster I met J. B. McNamara at Seattle in response to a telegram sent from Indianapolis by J. J. McNamara, secretary of the union. I thought you were in the printing business. I said to J. B. He replied: 'No; you know what I am here for.'"

Mr. Miller said it would be shown that J. B. proceeded to do the Los Angeles "job" with the assistance of Clancy and Olaf A. Tveitmo, also on trial here. The District Attorney said Tveitmo had acted as "paymaster" in handling money for McNamara's expenses and later with Clarence S. Darrow in handling the dynamite defense fund.

Explosions at South Chicago and Springfield, Ill., were described by District Attorney Miller in the course of his testimony.

(Continued on Page 2.)

ROOSEVELT IN MIDDLE STATES

Governor Johnson Speaks in Three Towns of New York

SAGINAW, Mich., Oct. 8.—With half a dozen speeches on a day's run across Lower Michigan, Colonel Roosevelt opened his campaign tour through the middle states today. He spent the first half of the day in Detroit, then came to Saginaw and to Bay City tonight, in response to an urgent appeal.

On the way to Saginaw he was met at stations by large crowds which came out in a rainstorm, and he spoke several times.

In the auditorium here tonight, Colonel Roosevelt made a defense of the Progressive party's "human welfare" program to large crowds.

There are many different kinds of steps necessary for the people to take," he said, "in order to secure genuine social and industrial justice. That is absolutely necessary that there shall be governmental action, both in the nation and the several states, not only in order to get rid of unhealthy industrial conditions, but also to build up our working capacity as a nation."

"The national welfare is a national concern. We of the Progressive party believe in the resources of the government to lift the burden of literacy from young men and girls of the nation. We cannot afford to have the capacity of our future citizens stunted. Education must not stop merely at the school door. The adult worker must give himself as he goes along for a larger and more efficient share in the welfare of the nation; and vocational training must receive development."

AID FOR POOR

NEW YORK, Oct. 8.—Governor Johnson motored over to White Plains, New Rochelle and Yonkers tonight to deliver three speeches. Large crowds greeted him.

The governor told his audiences that the new party did not expect to lift everyone out of poverty, but that it would do its best by social and industrial legislation to equalize working conditions and to bring the poor nearer to a common level.

"No man has been able to solve this problem," he said.

(Continued on Page 2.)

MAN SHOTS WIFE IN CROWDED ROOM

Turns Gun on Self; Shots Ring Out Without Any Warning

VANCOUVER, Oct. 8.—In the large dining room of the Strand hotel, one of the most fashionable in the city, Cleo Boulanger, a young French-Canadian, shot his wife, and then turned the revolver on himself, inflicting probably fatal wounds, this afternoon. Both are expected to die. His wife is not seriously wounded, but blood poisoning is feared.

According to Mrs. Boulanger, she came here three weeks ago to escape her husband and he followed her from Grouard, Alberta, but originally from Montreal. She claims that she left him because of cruelty and that he was impeding her to return.

Consternation reigned in the restaurant when the crowd of women crowded with women shoppers of Vancouver smart set. The couple had not made themselves available at their table until his voice rang out with the words:

"I want you to go with me."

LAWYER CHARGES THAT CLANCY ADMITTED GUILT

Reads Statement of Labor Leader to Jury at Indianapolis

DEFENSE IS OUTLINED

W. N. Harding Says That Only Three Did Work and Have Pleaded Guilty

FAVOR EXCLUSION OF ALL ASIATICS

Labor Federation May Have Fight Over Proposed Paper Boycott

SAN DIEGO, Oct. 8.—National politics came to the front for a brief period during the session of the State Federation of Labor today. A. E. Yoell, secretary of the Asiatic Exclusion League, was the speaker.

Yoell, who is a delegate to the American executive, Yoell, passed in the reading to ask President Sullivan whether or not he was supporting Roosevelt in this campaign.

"That is none of the speaker's business," yelled a delegate.

President Sullivan, however, replied to the question, declaring that he was for the colored. "So am I," shouted several delegates, and the incident closed.

Yoell charged that Japanese and Chinese were coming into the United States, particularly California, in constantly increasing numbers; that "picture brides" were a menace to the institutions of organized labor, and that a successful movement should be organized to stop them.

The report was adopted by acclamation.

HARRIMAN SPEAKS

Preceding this action, Job Harriman of Los Angeles spoke at a luncheon in the Hotel City from the standpoint of a Socialist and organized labor. He declared, among other things, that the labor situation was growing better, that organized labor was a massive instrument and that members ignorant of their power; that it is easy to stop a bullet, but not necessary "if you get on the butt end of a gun."

Secretary Schaffenberg reported that he had received a letter from United States District Attorney McCormick at Los Angeles today announcing that the books of the Federation, which have been in charge of the government, have been shipped back to San Francisco.

Tveitmo, on trial in Indianapolis, was read Tveitmo's description of the trial and urged the necessity of raising funds to meet the defense of the men, who he says are making the fight for the life of organized labor in this country.

The generally temperate tone that has prevailed during the convention proceedings thus far is likely to give way to excited discussion tomorrow, when several of the many resolutions now in committee will come up for action. One of these touches sympathy and support to Ettore Giovannitti and Garza, now in trial at Salem, Mass.

Another resolution in somewhat similar vein is directed to Tveitmo and the other defendants in the dynamite conspiracy cases at Indianapolis. These resolutions will bring a clash between the conservative and the radical wings, present indications being that the success of the former will be the success of the latter.

The great contest of the convention, however, which is expected tomorrow, will be over an attempt to commit the Federation to a boycott of the Hearst papers and the Sacramento Bee as a result of the trouble with the pressmen. The latter are strongly represented at the convention and will make a hard fight for the action proposed. They will be stoutly opposed by most of the Typographical Union representatives. Some of the latter even declare tonight that they will leave the Federation if it commits itself to any such boycott.

Evidently expecting a heavy day's work tomorrow, the convention will meet in the afternoon as well as in the morning.

MISSOURI FAMILY HAS 46 VOTES AND ALL ARE FOR T. R.

KAHOKA, Mo., Oct. 8.—The Sherwood family here in Clark county probably will case more votes for Colonel Roosevelt for President than any other individual family in the United States.

C. B. Sherwood, a miller and grain man here, is the Progressive leader in the county and a live one. He not only believes that Theodore Roosevelt is the greatest man in the world, but he is also an earnest advocate of his anti-trust and anti-propaganda. Mr. Sherwood has six sons and a seventh one who is not old enough to vote. Four of the sons live in Clark county and are ardent Bull Mooseers, like their father. The fifth son lives in Colorado and will cast a vote for Colonel Roosevelt there.

How the sixth son, who is in Oregon, was going to vote worried the father some until he received a letter the other day. That son had been reading the paper from home of his father's activity for Colonel Roosevelt. His message to his father was:

"Go to it, Dad. I'm a Bull Moose myself."

Mr. Sherwood's happiness is complete. In all, his sons, nephews, brothers-in-law and sons-in-law, here in Clark county. Everyone of them is a Progressive and will vote for Colonel Roosevelt, he says.

"There is some satisfaction in being a large family," he said, "where everyone of them stand out squarely like me in this fight for better government."

SPEND \$265,000 IN TAFT PRE-CONVENTION CAMPAIGN

McKinley Says President's Brothers Contributed \$150,000

BIG COST UNEXPECTED

Andrew Carnegie and John Hays Hammond Each Give \$25,000

WASHINGTON, Oct. 8.—The sum of \$265,000 collected and spent in the campaign for President Taft's re-nomination through his Washington headquarters, was partially accounted for today by Representative William B. McKinley of Illinois, the President's campaign manager, in testimony before the Senate investigating committee.

McKinley said the "Taft family" comprising Charles P. Taft, Henry W. Taft and Hester Taft, brothers of the President, gave \$150,000. The campaign, he said, had cost five times what was anticipated.

"When we started out we expected to expend about \$50,000," he told the committee.

The chief contributors to the Taft fund, with the amounts, as given by McKinley, were:

John Hays Hammond, \$25,000; Andrew Carnegie, \$25,000; B. T. Storer, Philadelphia, \$25,000; "Mr. Kelley" and "Mr. Patton of New York," described as "friends of the President," \$12,000; Richard Kereen, St. Louis, assistant to Austria-Hungary, \$5,000; Senator W. Murray Crane, \$5,000; Senator W. Knowlton, \$5,000; Attorney General Wickham, \$1,000; former Senator Nathan R. Scott, \$1,000; A. C. James, \$1,000.

UBES MEMORANDUMS

Small pencilled memoranda, which he took out of a trousers pocket. He told the committee they were all he had to show for the handling of the big fund, except books kept in the headquarters that covered \$134,000 spent directly for ordinary campaign purposes. McKinley said his memory was not good enough to recall all the purposes for which the money went out.

McKinley and Ormsby McHarg, the latter contest manager for Colonel Roosevelt in the primary fight, held the witness stand throughout the afternoon. McHarg accounted for the expenditure of \$25,000 to \$30,000 by the Roosevelt committee in the Southern states and denied that any of it was expended improperly.

McKinley admitted that the Taft campaign committee paid the expenses of the delegates to the Chicago convention—a procedure that both he and McHarg said had "been a long standing custom." Asked how many delegates had thus been provided for, he said he thought expenses had been paid "wherever a delegate could not afford to pay his own way."

"Do you know anything of the use of money at the Chicago convention?" (Continued on Page 2.)

DRUNKEN REBELS KILL AMERICANS

Puerto Cortez Commandant Says America Averted Big Revolution

WASHINGTON, Oct. 8.—Details of surrender of the town of Leon, Sunday by Nicaraguan revolutionists to American marines and sailors under Lieutenant Colonel Long, and the loss of three American lives through the treachery of drunken rebels, were received at the department today from Minister Wood at Managua.

The deaths on Sunday brought the total of Americans killed by the rebels to seven, the loss of four at Barranca all on the road to Leon having previously reported.

The men killed at Leon were: Roy C. Morgan, turret captain on the Colorado, son of Mrs. S. N. Olsen, Los Angeles.

George O. Burgess, ordinary seaman, Colorado, Sullivante, Minn.

Marine private, John Bartels, Melbourne, Calif.

Although three were reported wounded, the name of only one Private Frank Killemer, could be found in the records here. He comes from Lewiston, Idaho.

Those reported wounded but whose names do not appear in the records, were Lamper, ordinary seaman, Colorado, and Duller, trumpeter, marine company D.

When Colonel Long demanded the surrender of Leon, Dr. Espinosa, General of the rebels, and other rebel leaders from Costa Rica, applied for protection and passports to leave the country. This was agreed to after the colonel had communicated with Rear Admiral Southland at Managua, who secured the approval of President Diaz.

Then the surrender of the town was announced. Before the Americans could take possession, however, a band of drunken rebels opened fire upon the Americans, killing the three named.

The marines and bluejackets returned the fire and killed about fifty revolutionists.

Among the marines wounded in the skirmish with the rebels at Leon, killed Friday was Private Frank Morgan, killed at Spokane.

SEATTLE, Oct. 8.—The new submarine P-3, in tow of the naval supply, broke down in the strait of Puca yesterday while on the way to San Francisco tomorrow. The crew was repaired to her machinery which will require several days.

**SPEND \$265,000 IN
IN TAFT PRE-CON-
VENTION CAMPAIGN**

(Continued from Page 1.)
to convince delegates," asked Chairman Knapp.
"Nothing," I want to swear to," McKinley said smiling. "I have kept out of the Antislash Club so far and I guess I will remain out."
PLEDGE REPORT YARN.
Chairman Knapp asked both McFarlane and McKinley if they knew of an alleged "understanding" of the pledged campaign by men who were said to have pledged \$2,000,000 or \$3,000,000 to secure Colonel Roosevelt's nomination.
"It is an absurd yarn," McFarlane said.
"I would have heard of such a thing if it was true," said McKinley.
McKinley thus answered the same question.
"I think that a silly story, just as McFarlane said,"
The detailed expenses at Washington headquarters sworn to by McKinley were:
"Printing and mailing literature \$50,000; telegraph, telephone and postage \$15,000; campaign buttons and lithographs \$12,000; advertising and news service \$26,000; speakers' expenses (travel and meals) \$30,000; expenses at Washington headquarters \$21,000; Chicago headquarters \$8,000."
McFarlane said he had participated in a conference in January at which Dan R. Hanna, Walter L. Brown and he, though, Frank A. Munsey and George W. Perkins had discussed the change of certain Progressive strength from Senator LaFollette to Colonel Roosevelt.

"I advised against the shifting of any of Senator La Follette's strength to Colonel Roosevelt," he said, "because I knew it would be charged up to Colonel Roosevelt and that the charge of treachery would be made. I am sure Colonel Roosevelt never had anything to do with such change of the Republican party."

The Expressive Strength.
MANHATTAN STAND
WASHINGTON Dec. 16.—Wayne MacVeagh of Philadelphia, formerly attorney-general, testified before the Clapp committee today that he did not recall an alleged conversation between J. P. Morgan and William H. Harriman in 1904.
 Morgan and Harriman, campaign friends, Charles Edward Russell, the socialist, and J. C. Welliver, a writer, told their versions of the story yesterday. It was substantially that Mr. MacVeagh had been present at Mr. Morgan's office when the latter called on Dec. 16, 1904. "I never saw Mr. Morgan use the telephone or knew of his being called to the phone," he said, and added that Mr. Morgan had never conversed with him on the subject of campaign contri-

The pre-convention expenditures of the supporters of President Taft and the Roosevelt activities in the South this year, as well as the 1904 campaign fund, were scheduled for discussion before the committee today.

Former United States Senator Chauncey M. Depew and Nathan W. Scott of Virginia, Congressman W. B. McKinley, who managed the Taft pre-convention; Ormsby Mearns, Roosevelt contest manager at Chicago and Matthew Hale of Massachusetts were on the list of the day's witnesses.

Wish to say that he had not given Mr. Welliver some-basis for his story.

WHAT TWOMBLEY SAID

"I may have called upon Mr. Morgan on the day I have in mind," said MacVeagh, "but I remember calling on Mr. H. McK. Twombley at his office in the latter part of October, 1904. While we were conversing, he was

"When Mr. Twombly returned he told me he had been talking to Mr. E. H. Harriman; that Mr. Harriman had been called to Washington by Colonel Roosevelt, and had found the President anxious for the raising of

an additional fund for the campaign; that it had resulted in Mr. Harriman agreeing to raise and give to Mr. Bliss \$240,000.

Mr. Twombly said that Mr. Harriman had called him up and said he expected him to give \$50,000. Mr. Twombly told me 'Ned' Harriman was going to give \$50,000; that he had been asked to give \$50,000, and he said something that led me to believe that

"He said, of course, Mr. Harriman had been acting in the common interest, and that the contributions would have to be made. I recall that he expressed the opinion that the contributions would be practically a waste; that Mr. Roosevelt was sure of his

selection; but that Mr. Harriman who had been acting in the common interest could not be expected to stand the entire contribution. He added that of course there is nothing for us to do but to meet his request."

WAS NOT SECRET

MacVegh said that undoubtedly was the incident to which Mr. Russell and Mr. Welliver had alluded.

"I made no secret of it," said Mac-

MacVeagh also related a recent conversation with Charles A. Peabody, president of the Mutual Life Insurance Company, in which Peabody said he had been in Harriman's office when he called up Mr. Trumbull about the

"Mr. Penholy said Mr. Harrison told him he had been down to Washington and that the President insisted, on request, or desired, that he raise the additional money, part of it for the state campaign in New York and part of it for use in other states."

Mr. MacVeagh added that Mr. Twombly told him that he had once been invited to lunch at the White House with Mr. Frick, but before the Harrison incident.

"While he did not say so, he gave me to understand that they had both made contributions afterwards," said Mr. MacVeagh.

MacVeagh had objected to relating the incidents because the men concerned were dead and unable to testify, but the committee insisted.

DEWEY GIVES \$10,000.

Former Senator Dewey testified that

"Just before election, Mr. Twombly told me the funds were \$12,000 short and that he was making up the difference. It needed \$17,000 and he assured me that much. I gave him a check for it," Mr. Dewey added.

to turn back. Don't deceive yourself for a moment as to the pernicious power of the great industries which now dominate our development. They are so great that it is almost an open question whether the government of the United States can dominate them or not. Get one one step further and make their organized power permanent, and it may be too late to turn

WANTS BANKER TO CASH BOGUS CHECK.

R. C. Badger Presents Check at Bank But Refused Payment; Jailed

After having made an attempt to pass a check for \$75 at the Fresno National bank, R. C. Badger, a young man, was taken into custody yesterday morning by Patrolman Palmer. A bogus check was passed against the man at the county jail. The check that Badger had in his possession was made payable to R. C. Richards and was signed with the name of R. C. Ward. Badger claims that the check was given to him by Fred Ward in payment for a horse. He was unable to explain why the check was made payable to Richards when his name is Badger.

The man was searched at the jail and other checks, which the police claim are bogus, were found in his possession. Badger is also alleged to have attempted to pass a bogus check in an implement house in the city but escaped when the proprietor went to call on the bank to see if the check was good.

Other checks on the Old Bank of Hanford were found in Badger's possession. These were made payable to R. C. Richards and were signed with the names of P. McKee and N. Weisbaum.

BOARD OF FIRST CHRISTIAN MEETS

Name Life Directors in Foreign Christian Missionary Society

Mrs. M. K. Harris and Rev. Shirley H. Shaw, associate pastor of the First Christian church, were named for life directors of the Foreign Christian Missionary Society at the first regular meeting of the newly elected general board of the church last evening. As the Fresno church had given a total of \$1200 to the foreign missionary organization of the Christian church, it was entitled to select two of its members as life directors of the institution.

Judge M. K. Harris was unanimously elected chairman of the general board and J. Fred Donahue was named as secretary.

Dr. Harvey O. Brodson, pastor of the First Christian church, was extended a leave of absence of two weeks to begin October 15, for the purpose of attending the international convention of the churches of Christ in Louisville, Kentucky.

A movement was started last evening to organize all the men in the church into a brotherhood. The organization will have its beginning in a banquet to be given early in November.

The total attendance of the Sunday school for the year just closed was reported to be 13,243, or an average of 41.4 per day. \$525.50 was collected through the regular effort, and \$98.44 was added for missionary work.

This one is for the man who likes broad toes. Grossetts are \$4 to \$6 everywhere.

CITY TRUSTEES BUY AUTO FIRE TRUCK

Acceptance on Trial of Another Truck Causes Embarrassment

Following committee recommendation the city trustees at an adjourned meeting last night accepted the offer of a new auto fire truck for \$2000. The board found itself somewhat embarrassed as the city had been using for five months, free of cost, a truck purchased by M. H. May, a local fireman, for \$2250. Although the board was in a hurry to accept the new truck, it was unable to do so until the May truck was sold. A motion to accept the May truck was lost through the vote of Hart, Jones, Cobb and Packard.

After the close of the discussion Trustee Hart suggested a motion to set aside the purchase of the new truck, but the committee refused to accept it. The committee then recommended that the city purchase the new truck without consulting higher authority.

With regard to the purchase and placing of thirty-two fire hydrants in the outlying new districts at designated locations, the decision was to put them in as recommended as rapidly as the finances of the city will permit, "which means nothing in particular," as the mayor remarked.

A new resolution of intention was passed for the widening of 7 blocks to 40 feet of Belmont avenue from Parkland to Palm. The old proceedings were vacated, because they excluded from the assessment district property which was expected to have been included in La Sierra drive which project having been abandoned still left the property in private ownership in the street widening district.

At the suggestion of Trustee Hart, the city attorney was asked to advise the board whether the charter amendments could be voted on at the Arlington Heights annexation election on November 11.

The board resolved upon the removal of the city clerk's office to the rooms vacated by the city board of education. Upon the motion to make the change, Trustees Collins and Noble voted no. The cost of making the change will be about \$350 and the building committee was authorized to make the change with full power with regard to the furnishings.

WILL RESUME STORY HOUR FOR CHILDREN
Fresno Public Library to Begin Weekly Talks Next Saturday

Next Saturday morning will usher in the first of the children's hours for this season at the Fresno public library. From then on the weekly talk on animals, fables and mythology will continue throughout the winter months.

A handsome poster has been designed and hung on the door of the children's room calling attention to the story hour. A delightful tale of a fairy prince and a fairy princess will be told the children Saturday by Miss Marion Alden of a fairy tale dog will also be related.

The story-telling will begin at the usual hour, 10 o'clock and last until 11 o'clock.

EARLY MORNING FIRE IN THEATER OFFICE

The fire department was called out shortly after 1 o'clock this morning by a small blaze in the Star Theater, on J street between Fresno and Merced. A plush-covered daypart lounge in the office of the theater was found to be the cause of the fire. The fire was evidently started by a cigar or cigarette stump. The total damage was to the lounge and will amount to more than \$15.

STILL ANOTHER HERPICIDE ENTHUSIAST
Thousands of Them

I am always grateful for real blessings, and I know of nothing that I need to be more thankful for than Newbro's Herpicide. Thousands of ladies not only in the United States but all over the world feel the same way about it. To this wonderful scalp and hair remedy they owe their soft, long, beautiful hair.

Mary J. Terry, of Lovelock, Ill., writes: "My hair came out until there was just a scanty cover for the scalp. I tried everything I ever heard of or read about until I finally used Herpicide. There is nothing like it. My head is now covered with new hair. I shall forever praise Herpicide."

Most hair troubles come from dandruff. Newbro's Herpicide removes this dandruff by killing the germ which causes it. It also stimulates a flow of blood which nourishes the follicles. The scalp being healthy, the hair does not come out and the new hair is allowed to grow.

There are other preparations which they say are "just as good" as Herpicide. It is not advisable to try them. Instead of doing any good they may do positive harm.

No one is ever disappointed in Newbro's Herpicide. The results are always the same, a ways satisfactory as is indicated by the fact that Herpicide has been sold for years and has thousands of satisfied friends. It is the only genuine, original dandruff germ destroyer. There is nothing "just as good."

Newbro's Herpicide in 50c and \$1.00 sizes is sold by all dealers who handle it to do what it is claimed. If you are not satisfied your money will be refunded.

Applications at good barber shops. Send the in postage for sample and book to The Herpicide Co., Dept. R, Detroit, Mich.

ASKS NEEDHAM TO STATE POSITION

Church Declares He Should Make Known His Favored Candidate

Denver S. Church, Democratic candidate for Congress, called upon Congressman Needham last night, in an address at Newman, to name his choice for President.

Needham, candidate for Congress in the 11th Congressional district, in a case of his own, he said, "being the first man of his time who ever ran for Congress and refused to tell his constituents what national policies he adopted, what political party he affiliated with or what Presidential candidate was his choice. He utterly refused as yet to take any position or to discuss any issue save lions and elephants and in discussing these topics, he wastes his time as his views and mine pertaining to these matters lead exactly to the same practical results." In his first speech at Riverdale, he said, quoting from the Fresno Independent of October 4, 1912, "Page 15, he would refuse to narrow his candidacy to the basis of an agreement or a statement with any political candidate for the Presidency. WILL NOT TAKE SIDES."

There are five candidates for the Presidency, each standing upon a distinct platform and each the leader of his party. These five candidates represent all the issues in the land from East to West, from North to South and yet Mr. Needham refuses to take sides with either or with the cause of either and admits himself to be a man without a Presidential choice and without a cause and with no preference save in his own election. He says he would refuse to narrow his candidacy by agreeing on a Presidential candidate, etc., refuses to let the people know whether he favors Roosevelt and his principles or Taft and his policies. He refuses to let them know which political platform he favors and how he stands on the great national and international issues which are the subject matter of each. To give them this information it seems, he thinks, would narrow his scope and vision in the discussion of lions and elephants.

"I call Mr. Needham's attention to the fact that the President is the head of the national legislative body as he has the power to approve or veto bills. The President is the man of the greatest importance in this line and the member of the House of Representatives is the man of the least importance. The President, the head, the congressman, the tail. A dog's tail might as reasonably rebel against the dog's head and say, 'I am not going to narrow my operations any longer by following this dog' as for a congressman to say it narrows his influence to support any particular member for President. The tail must be in harmony with the dog's head or it is useless, and the congressman must be in harmony with the President, if possible, for the President has the power to wipe the slate, by veto, on which the congressman writes the laws."

ASKS FOR STATEMENT.
Now Mr. Needham, since there is no need to discuss any longer the topics on which we practically agree, and any effort that you put forth in the future in the way of trying to convince me that oranges and lemons are not luxuries and therefore should not be subject to a tariff, will doubtless remove me in my theory that they are, and we both maintain the same view in reference to colored oleomargarine, as do all of the people of our district, I would suggest that you tell us what Presidential candidate you can work most in harmony with and therefore which is your choice. My choice is Woodrow Wilson and I think it broadens me, my candidacy and my chance of election to work for him, simply because I like his platform and I can work in harmony with him if elected."

SAYS GAMBLING LAW PROPOSED DECEPTIVE

J. E. Squires of San Francisco Speaks at First Baptist Church

That the present freedom of California from race track gambling, insured by the Walker-Young amendment of 1911 in the Walker-Otis bill prohibiting the betting on races is threatened by a new deceptive race gambling bill which will shortly come to a vote in California, was pointed out by J. E. Squires, secretary of the Moral Reform Bureau of San Francisco, in a lecture delivered last evening at the First Baptist church.

After speaking of the failure of proposed Sunday rest and anti-prostitute law petitions, and of the success of other reforms proposed by the bureau which he represents, Mr. Squires launched out into the theme of his talk "A Challenge to the Church—Shall Race Gambling Return to California?"

"The Walker-Otis bill against gambling gave California a great law, but it had one fault—it allowed oral betting. This was eliminated in the splendid achievement of the Walker-Young amendment in 1911 which was a law definitely against race track gambling."

On May 26, a committee of sixty men, horsemen of note in the state, met at a hotel in San Francisco, and said in spirit, "California is too good a field to lose. We will take advantage of this excellent initiative right and quietly place our new bill before the people. This new bill is one of the most indirect, most ingenious and most clever that could be composed. It looks exactly as though it were purposed to put gambling out of California but in the last paragraph it reveals itself as an insidious attempt to again legalize race gambling in the state."

"A quiet campaign has been carried on. Thousands signed the initiative petition to get the bill before the people under the impression that it would put race track gambling out of the state, while as a matter of fact this gambling is now out and will not return unless this measure is passed."

"The method of those interested in the bill was to approach people saying: 'Are you in favor of abolishing race track gambling from the state?' Upon an affirmative reply they would ask them to sign the petition. Many signed without knowing what they were putting their names to. Several men of prominence and even San Francisco aldermen, I believe, are record as favoring the bill 'against' gambling. The powers behind the bill, to legalize the gambling suc-

Last Day of the Big 3-Day Sale of Tailor Suits

Today is the last day! If you have not already taken advantage of this unusual opportunity to save on new fall suits, you will do well to come today, for tomorrow the prices will go back to the regular selling prices. Our stock is still very complete, as we are carrying a larger assortment than in former years. Every suit on sale is new this fall.

This sale is held for the purpose of establishing a new selling record; therefore, such low prices right at the beginning of the season. You will save considerable if you purchase a new suit at the Wonder today.

\$12.95 For Suits Worth to \$19.75

We are showing a splendid assortment of suits, worth \$19.75, at \$12.95. Fancy mixtures and chevrons in the new and popular models, some of the new novelty cuts included. TO TAFT VOTERS

At the spring primaries there were some eight hundred voters in Fresno county and proportionate numbers in other counties, who expressed their preference for Taft. Presumably they are not all for Taft now. There are some who preferred Taft personally, as a legitimate candidate, who would not favor him now, as the recipient of the stolen nomination. But for one reason or another, there must be some still left, who would like to vote for Taft, and who regret their lack of opportunity to do so. To these this editorial is addressed, as an appeal for serious and thoughtful consideration, of a very practical situation.

By the neglect and treachery of your own leaders, there are no Taft electors on the ballot. In spite of "stop-thief" efforts to confuse the issue, this is the absolute and literal truth. There is no "Republican column" on the ballot, but simply groups of electors, without headline, but with endorsements after them. The Roosevelt electors have the endorsement "Republican, Progressive" after each name—the "Republican" by the vote of the Republican primaries, and the "Progressive" by the Progressive petition. The Taft electors would have appeared with the endorsement "National Republican" after them, if the Taft leaders had not stubbornly refused to exercise their legal right to get them on. Whatever you may think about the dispute over these two titles, they are at least endorsements which everybody would have understood, and you would rather have had the chance to vote for Taft under the name "National Republican," even if you did not like the inclusion of the word "National," than not to have the chance to vote for him at all. Your deprivation of that chance is due absolutely and exclusively to the self-appointed leaders of your own faction, and if you have any resentment, they are the ones at whom it should be directed.

However, this is a condition in which it is more practical to consider what to do, on the situation as it exists, than to bandy vain resentments about the situation as it might have existed. And the practical situation is that there are two candidates on the ballot—Roosevelt with the California Republican and the National Progressive nomination, and Wilson with the Democratic nomination. For which shall you vote?

Confessedly, there is no Republican excuse for voting for Wilson except the desire to cut off your nose to spite your face. The leaders who deprived you of the right to vote for Taft did it for the express purpose of delivering you, in sheer revenge, to Wilson. They are interested, not in Republican principles or Republican victory, but in their control of the Republican machinery. That may be important to them, but it is not to you. What you want is the preservation of the principles which have made the Republican party dear to you.

The Republican party of California was already committed to the Progressive principles, on social and electoral questions, before the Progressive party was formed, and you accepted that commitment two years ago. The other chief national principle is the tariff. On that Governor Wilson and his whole party are committed absolutely to the destruction of the protective tariff. It is on that tariff that the prosperity, the very industrial existence of California depends. Roosevelt and his party stand committed to the protective tariff quite as unconditionally as Taft, and in a form in which California's part of the tariff is far safer.

Either Roosevelt or Wilson is going to be the next President of the United States. The actual choice everywhere is the same as the formal choice in California. The vote of California may easily determine which. Shall a mere resentment, and that against an injury treacherously committed by your own leaders, and not by the Roosevelt forces to whom they are trying to shift the responsibility, tempt you to allow them to complete their treachery, by delivering you, in an attempt through you to deliver the state, to the candidate whose policies would make for the industrial ruin of the state?

The Taft politicians are interested in control of the political machinery, but you, the Taft voters, are not. What you are interested in is the welfare of California. That welfare, you think, would be safer under Taft. But it would also be safe under Roosevelt. I was before. There is a practical situation there is a practical thing for you to do with your vote. And this is an appeal to you, to cast them on your own judgment of the situation as it stands, and not to allow them to be deceived for you by scheming and treacherous politicians, who have betrayed your confidence once and are trying to do so again.

BUGABOOS

The bugaboo stage of the campaign has been reached. For instance, there came anxious inquiries yesterday in regard to two rumors, one being industriously circulated in California, that Theodore Roosevelt is a hard drinker, and another, being spread from Philadelphia through Pennsylvania, by a remnant of the A. P. A. which appears still to survive there, that Hiram Johnson is a Roman Catholic.

We thought the legend about Roosevelt's drinking had been put forever to rest, but it seems that there are those who are still industriously circulating it, by letter and rumor, in circles where it might most readily be believed. Of course nobody makes such charges where Colonel Roosevelt's personal habits are known. Even the detractors who insist that he is a liar and a lunatic, do not charge that he is a drinking man. The truth is, and it cannot be stated too positively, that Colonel Roosevelt is one of the most temperate of men. He is not quite a total abstainer, though he never drinks whiskey, and the amount of wine he drinks in a month would scarcely be serious if it were all taken at a single meal. In fact, the whole rumor is so ridiculous that it seems absurd even to dignify it by a denial. There is no more foundation for charging Theodore Roosevelt with being a drunkard than there would be for charging Woodrow Wilson with being a dope fiend or a pickpocket.

The other rumor, from Philadelphia, is to this extent of a different sort. If Hiram Johnson were a Roman Catholic it would be nothing against him, and nobody but the now generally defunct A. P. A. would think so. But it happens that he is not; neither himself nor any of his connections. This for the information of the Pennsylvania inquirers: nobody in California would even inquire. The rumor is probably a side-tracking of the stories formerly so industriously circulated in A. P. A. circles, that President Taft, or Mrs. Taft, was a Catholic.

However, let us tell some of the dread truths about Governor Johnson. Two of his secretaries are Catholics, and he has actually appointed several Catholics to office. He does not "drink," but has been known, occasionally, to take a glass of wine at dinner. He smokes a pipe, and sometimes he swears. His cook is a Chinaman. He plays dominoes extremely well, and likes to go to moving picture shows. We have heard him use expressions which indicate that in his youth he must have seen somebody play poker. There maybe other crimes of which he is guilty, but these are the only ones we can recall just now. Let the dread truth be known, so that the rumor-mongers, who regard these insignificant personal details as important, may have plenty of material to work with.

CONSOLIDATION

The mere fact that Oakland is actively opposing the city consolidation amendment, to be voted on this fall, will probably defeat it. With no serious interest in favor of the amendment, outside of San Francisco and possibly Los Angeles, and with very active opposition to it, the result may be taken as certain.

And, to a man up a tree (which is exactly the position most of the state occupies), it looks as if this is the result to be desired. The state at large is not interested directly in the consolidation of San Francisco and the trans-bay cities. Consolidation may come, some day, but there is no need of making it too tempting an easy as long as there is such a strong sentiment against it among trans-bay residents. But the whole state is decidedly interested in the improvement of San Francisco's harbor. Docking facilities are not growing as fast as commerce, and San Francisco alone is not able, for the present, to keep pace with its commercial growth. That means that it is important to all of us, and not merely to Oakland, to have the Oakland side of the bay rapidly developed. Oakland is doing that now, under the stimulus of local interest and competition, and is likely to continue to do so more rapidly than would happen under the non-competitive control of a consolidated city dominated from the San Francisco side. After these improvements are complete, it may not be improper to consider consolidation again. But until then, at least, the interests of the interior are against consolidation.

UNIQUE SYNDICATE

The Republican, in common with most of the Progressive newspapers in the United States, begins this morning the publication of perhaps the most unique series of newspaper syndicate articles ever presented to the American people. The unique feature of them is that they are a free gift to the Progressive cause, of "copy" worth at its market value at least \$15,000, by the principal writers of the United States.

A couple of weeks ago somebody suggested, and William as volunteer "city editor" undertook to carry out, the idea of a campaign syndicate, of one article each, of the best-known magazine writers in the United States, to be furnished free by these writers as their contribution to the Progressive cause. The idea "took" instantly, and in a few days the volunteer services were secured of perhaps the most remarkable list of writers ever associated in a single enterprise in the United States.

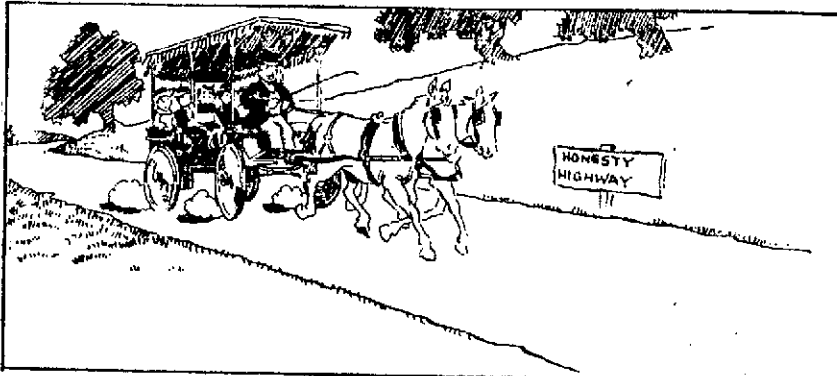

Following are the names of those who have promised to contribute one article each:

Richard Harding Davis, Richard Washburn Child, Hamilton Garland, Wallace Davis, John T. McCutcheon, Edna Ferber, Frederick Palmer, Jesse Lynch Williams, Dr. Woods Hutchinson, C. P. Connolly, Franklin P.

THERE IS ONLY ONE SAFE ROAD.

By John T. McCutcheon.

(Copyright 1912, By John T. McCutcheon)

Adams, Edmerson Hough, Herbert Croly, Edward S. Van Zile, Burgess Johnson, Harry Still Edwards, Gouverneur Morris, Will Irwin, Walter Weyl, P. C. McFarlane, Louis Evan Shipman, I. M. Maroonson, Mary Austin, William Allen White, Judson C. Welliver, Frank A. Munsey, Samuel Merwin, Henry Michell Webster, George Fitch, Bert Leston Taylor, Roy Norton, Inez Haynes Gilmore, J. B. Connolly, Harvey S. Higgins, J. B. Ade.

Perhaps the most significant aspect of this unique contribution to the campaign fund is its demonstration that practically all the best known writers on public subjects in the United States are pronounced and active Progressives and Roosevelt supporters. These men and women are the practical leaders of popular thought in America today. They have in the last ten years, been the principal influence in educating public sentiment to a broader and higher interest in public affairs. More people accept their intellectual leadership than accept any other leadership in our time. Just the list in itself is a formidable contribution, if it had been nothing but signatures to a formal resolution of indorsement. And when it is accompanied by a contribution of one article each, to the Progressive press of America, it becomes doubly important as well as significant.

This morning's story is by Richard Harding Davis on the "Suspend Jack" incident. Others will follow regularly.

There is an interesting analogy between this incursion of literary men into politics and a similar situation when the Republican party was formed in 1854. Following is from the account of the campaign of 1856, from Rhodes "History of the United States" (Vol. 2, p. 211):

"Impressed by the importance of the issue, literary men forsook their quiet retreats to help the cause they deemed sacred. Emerson addressed a town meeting; Longfellow took part in a political gathering; Bryant entered into the canvass with ardor, and advocated the election of Fremont by speech as well as by pen; and George William Curtis frequently spoke to his fellow citizens urging them to vote for the Republican candidates. Washington Irving declared his purpose of voting for Fremont. Longfellow wrote to Sumner that one reason why he did not want to go to Europe was on account of losing his vote in the election. 'I have great respect for that man,' he continued, 'though I never cared about it before.' He notes in his journal that all the guests with whom he dined one day at Prescott's were Fremont men. N. P. Willis, one of the best-known literatures of his day relates how he drove five miles one night to hear Curtis deliver a stump speech. Willis declared that although fifty years old he should this year cast his 'virgin vote,' and it would be for Fremont. Harriet Beecher Stowe published another anti-slavery novel, which, though far inferior to her masterpiece, found many readers. Whittier in passionate verse begged votes for Fremont."

PAPER STOCKS.

WASHINGTON, Oct. 4.—Stocks of news print paper at the end of August aggregated 45,988 tons, an increase of 5,470 tons over July, as reported by the American Paper and Pulp Association to Commissioner of Corporations. Production in August was 103,980 tons, an increase of 3,323 tons shipments 100,752 tons, an increase of 1,890 tons. Companies reporting numbered 51.

BRIEF EDITORIAL FANCIES SELECTED

Time for Taft Bolters To Stop

Twice the Republican voters have declared themselves to be the Republican party of California. And now that the supreme court has added its decision to the same effect, it's about time the very small minority of Taft "bolters" that we still have amongst us gracefully retire from their absurd attempt to make the party tail wag the party dog and get aboard the party band wagon, else they will soon find themselves in the Democratic party working as Democrats for Democratic candidates pledged to the support of free trade principles.—Napa Register.

Misguided Growers Still In Existence

Just at the time when the raisin men thought they had the situation well in hand and that the vast majority of the growers would stick for a living price, along comes the usual proportion of misguided ones, who can see no virtue in co-operation and they have knocked the market into a cocked hat by letting loose enough goods so that the puckers may cover their short sales.

As a result the raisin market is just where it was a year ago. It seems strange that with the brilliant example of the citrus organization before them, the raisin men cannot hang together long enough to even get an organization started.—Porterville Messenger.

All Necessary Is To Inform Voters

A telegram from Portland, Me., received at Progressive headquarters in New York reads as follows: "Progressive party gaining rapidly. Entire Republican county committee have resigned and joined us. Estimates of our votes have increased 25 per cent during week. All we need is to inform voters."—Riverville Press.

Taft May Listen To Bad Advice Again

Having deferred intervention in Mexico this long, it would seem that the Taft administration might wait until after the November elections before radically changing its attitude toward the situation below the border. There seemingly is no more reason for intervening now than there was three or six months ago. Any excuse now that would have even the faintest taint of being conceived and executed in a political coup in favor of Mr. Taft's candidacy would be in the nature of a national scandal. It is not fair to suppose that President Taft, deliberately and willingly, would allow an intervention program for the sake of a bribe for any one great weakness has been to listen and be beguiled by cunning advisers who have not his scruples of conscience. He may be unwisely advised with regard to intervention.—Pasadena Star.

Democrats Would Reverse Conditions

For the first time in the history of the country the exports of American goods to foreign countries have this year exceeded \$1,000,000,000. The advocates of a tariff for revenue only would, as a matter of course, have the condition reversed and imports exceed exports. That such a reversal of form—by its displacement of home products—would be inimical to industrial welfare at home counts for nothing with the Democrats, if they can only succeed in befuddling voters with a lot of balderdash about trusts and a high

cost of living that is universal the world over.—Visalia Delta.

May Well Be Proud

Colonel Roosevelt and Hiram Johnson may well be proud of the enemies they have made in this campaign.—Marysville Appeal.

MRS. MOWAT OFFERS PREMIUM ON HIGH GRADES OF RAISINS

Will Pay From 3 to 4 Cents for Hand Selected Clusters

Mrs. M. Mowat announced yesterday that she is ready to pay a premium of 3 to 4 cents, according to quality, for hand selected clusters of raisins, ranging from crown or better. She specified that the raisins must be cured, but not too dry. They are wanted for immediate delivery.

As the drying season progresses pickers are finding that the crop is far below normal as to quality and pickers cannot get a high class grade will have to pay a premium.

MORE NEW TEACHERS THAN EVER BEFORE

There Are 131 New Faces in District Schools in County

The county superintendent's office reports that never in the history of the county has there been a school term opening with such a large number of new school teachers. The number this year is 131 grammar teachers and eight with the diplomas. These 131 new teachers are the result of vacancies, withdrawal from school activities because of marriage, and the additions to the teaching force.

At the close of the year 1911 in June, the teaching force in the county was made up of 370 primary and grammar grade teachers, seventy-two high school and six kindergarten and special—a total of 448. For the present term the number will be about 450.

News From Central California

FAIR IN KINGS OPENS WITH FINE EXHIBITS

Attendance Is Small Due to
Races Not Starting
Until Wednesday

HANFORD, Oct. 8.—With everything in place at noon today, Kings county's eleventh annual fair opened its portals with bright skies overhead and a splendid prospect for brilliant success. Notwithstanding the fact that the races do not start until Wednesday, the pay attendance today was fair, amounting to several hundred, all of whom will give such good reports of the quality of the exhibits that the thronging of the succeeding days of the week will be numerous.

In the main exhibit hall the principal exhibits are shown by the fair directors and Chamber of Commerce acting jointly; by Grangeville as a community; by the Island district of the Laguna de Tule Grant and by the Miller & Lutz Company and Central California Fruit Growers' Association. Many smaller and quite attractive exhibits occupy the main floor and in the balcony the textile fabrics, woman's handwork and juvenile creations fill many beautiful booths.

In the automobile pavilion a large display of the latest in the various makes of cars and accessories are shown by the dealers of the county. In machinery hall much attention has been given to the display and demonstration of pumping plants, irrigating machinery and implements.

POULTRY EXHIBIT.
The poultry show this year contains hundreds of splendid fancy birds. Under the superintendency of B. P. Shirk the department has been enlarged and become one of the main features of the fair. The judging of the birds begins tomorrow under the presidency of Prof. Luce, of Santa Barbara.

DAIRY SECTION.
The fair is filled with interesting exhibits for dairymen, not only in the line of new apparatus for the dairy, but the milk cattle exhibit is larger and better than ever before. Among the principal local herds are those of the Florio-Alfalfa Syndicate of Hanford, the Stratford Dairy Farm, Robt. Kimble and others.

FINE HORSES SHOWN.

Every available stall including the fifteen added recently was filled with class horse-flesh as early as Monday morning and in draft, standard and graded stock the horse show was never better. In hogs and sheep the fair is up to its usual standard.

The concession, principally those that held forth at the Fresno and other fairs have been arranged in a circle this year, and in the center of the big group a platform for the free entertainment to be given nightly by the fair directors has been erected. Here, each afternoon the Grangeville band will dispense music prior to the start of the races and thereafter the band will play at the grandstand.

RACING PROGRAM.

The races begin Wednesday with the first event, a 225-meter race for a purse of \$300 each and a three quarter mile dash as a running event for a purse of \$50.

The race officials will be as follows: Judges: Shirley Christy, S. A. Eddy, and S. C. Kimball; Starter, W. K. Kennedy; Marshal, George Miller. The officials have not been selected. The officials announce that they will not tolerate any unnecessary delays and a clean race meeting is promised. There are many splendid horses entered.

Hanford's merchants, loyal to the fair, have come in close on Wednesday and Friday afternoon and with the schools of the county closed Thursday and Friday the attendance should be large on the remaining days of the fair.

JUDGING OF LIVE STOCK.

Judging of live stock commenced this afternoon under the supervision of Prof. Marshall and Hubert Davis State farm and San Luis Obispo College respectively.

GOOD NEWS

Many Fresno Readers Have Heard It and Profited Thereby.

"Good news travels fast," and the thousands of bad back sufferers in this vicinity are glad to learn where relief may be found. Many a lame, weak and aching back is laid no more, thanks to Doan's Kidney Pills. Thousands upon thousands of people are telling the good news of their experience with the Old Quaker Remedy. Here is an example worth reading:

A. B. Hunt, Fowler, Calif., says: "I had long ago heard of the good Doan's Kidney Pills were doing my acquaintances, so I procured a box and began using them. My back had always been weak and I was unable to do work that required stooping. I was also bothered by frequent passages of the kidney secretions, being obliged to arise several times during the night. Although I cannot say Doan's Kidney Pills cured me on account of my advanced age, I wish to state that they helped me a great deal, and are a worthy remedy."

For sale by all dealers. Price 50 cents. Foster-McMillan Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

THIS ABSTRACT COMPANY

Is substantial and progressive, knowing that our facilities for giving prompt and efficient work are unsurpassed. Bring us your abstract and certificate business, and we will save you both time and money. All work is guaranteed and this guarantee is backed by our \$100,000 paid up capital.

FRESNO COUNTY ABSTRACT CO. 1117 K ST.

Births, Deaths and Marriages in the San Joaquin Valley

BORN.
GUILLEY—Near Tulare, October 3, 1912, to Mr. and Mrs. Alvin Guilley, a daughter.
SMITH—Dinuba, October 6, 1912, to the wife of Ernest Smith, a son. This child has the distinction of having alive living grand and great grandparents.
ADAMS—In Merced, October 8, 1912, to the wife of Albert G. Adams, a son.

MARRIED.

THUGS ATTACK MAN ON HIS TRIP HOME

Was Rendered Unconscious; Robbery
Evidently Not Motive, as No
Valuables Were Taken

MODESTO, Oct. 8.—Charles Sedain last evening reported to the police that about 12 o'clock Saturday night, while he was returning to his home, he was seized by thugs and rendered unconscious. The strongest part of the Sedain story is that although he has a valuable watch and some money on his person, nothing was touched. The police are of the opinion that if the assault story is true, the motive was other than robbery.

FREE DELIVERY IS PLANNED IN MADERA

MADERA, Oct. 8.—The Women's Improvement Club is about to launch a movement for free mail delivery for the city. They will have the hearty cooperation of the business men in the move. The city has reached the required population, and the number and length of walks will come up to the government requirement.

MERCED BOY FIRES BULLET INTO FOOT

MERCED, Oct. 8.—Frank Martinelli, aged 9 years, son of P. Martinelli, a rancher who lives near Merced, accidentally shot himself through the right foot playing with a .22 caliber rifle today. Dr. Brett Davis attended the wounded boy and pronounced the wound as not serious.

HAPPENINGS IN MADERA

MADERA, Oct. 8.—Two Indians who became intoxicated were fined \$5 each and paid their fines and returned to their homes in the hills. Where they obtained the liquor was not stated. Lacey Hubbard, who has taken a lease for ten years on the corner where the building stand and will erect a fine new brick block.

Marie Logue filed suit for divorce today from Grant Logue, alleging failure to provide.

Thus Brown today sold the Cottage saloon to J. Foster and M. Quaranta, formerly residents here. Many complaints were made of the dangerous crossing at Madera avenue near Kernman, which is much used by Madera motorists going to Fresno.

Harry Maxlin was granted a 50-year franchise by the city council last night. He will start work on the plant within four months.

A. D. Watts filed suit for \$3000 damages against A. A. Holbrook today, alleging false arrest on a charge of taking money under false pretenses.

The report of Dr. Ransom, city health officer, shows no contagious diseases. He recommended sprinkling of oil in stagnant canal waters to ward off malaria.

Property owners filed protest at the council meeting last night against being assessed for the cost of extending and Lake street south from Yosemite avenue.

CATO TO SPEAK TO TULARE SOCIALISTS

TULARE, Oct. 8.—J. S. Cato, Socialist candidate for Congress, will speak to the farmers on the street tomorrow morning in support of the referendum measure to allow the establishment of a state produce exchange.

Parisian Sage

Imitations of This Great
Hair Invigorator Are
Abroad in the Land,
Look for the Girl
With the Auburn
Hair on Every
Package.

PARISIAN SAGE—ask for it by name when you want the real hair invigorator.

This is a picture of the carton in which each bottle of PARISIAN SAGE is packed.

PARISIAN SAGE will banish dandruff, stop falling hair and itching scalp, and promote a new growth of hair if the hair root is not dead. It is a clean tonic and contains no poisonous lead or other dangerous substance. MEDICAL MEN GATHER IN MERCED MEETING

Over 50 Physicians Present
From Valley Towns and
Good Program Given

MERCED, Oct. 8.—The thirty-third annual meeting of the San Joaquin Valley Medical Society was held in the Merced city hall today and was attended by about 50 physicians from all portions of the San Joaquin valley, also by many non-members from San Francisco and other coast cities.

Owing to the late arrival of many of the members, the meeting was not formally called to order until 1:30 o'clock this afternoon, although the opening was scheduled for 9:30 a. m. Routine business and organization of the afternoon could be devoted to the reading of papers and discussions.

The program was one of the most elaborate and abounded the most careful preparation of any in the history of the society's annual gatherings. The following papers were read at the afternoon session:

"Personal Experience With Bacteriology," by Dr. W. W. Cross of Fresno; "Epidemiology," by Dr. J. H. Brown of San Francisco; "Continued Report on Gallbladder Sections," by Dr. T. C. Ross of Hanford; and "Report of Case of Splenectomy," by Dr. H. K. Yergler of Merced.

At the evening session the program was in the form of banquet at Hotel El Capitano. Dr. J. H. Parkinson of Sacramento, read a paper on the subject, "The Future Outlook for the Medical Profession, as Affected by Legislation." Following the afternoon session, the visiting physicians were taken for an automobile ride to points of interest in and about Merced by the Merced chamber of commerce.

In the evening a banquet was held at Hotel El Capitano.

TULARE TRUSTEES WILL ISSUE BONDS

Ordinance Authorizing \$100,000 for
New Water System Passed to Its
Second Reading at Meeting

TULARE, Oct. 8.—At last night's meeting of the trustees, the expected report from the water company as to the value of its plant did not materialize, but the ordinance authorizing the issuing of \$100,000 water bonds for the purchase of the old plant or for the installation of a new municipal plant was passed to second reading. The water company has promised to hand in a revised figure on what it considers the plant worth, but as yet has not done so.

The need of a fence about the sewer farm was then discussed and a committee appointed to investigate. In view of alleged reductions to all of its other consumers, the M. L. Whitney Power Company was charged by Mayor Heltz of charging too high a rate for its service. Dr. C. H. Ross of Fresno, assistant secretary, Dr. D. H. Trowbridge, of Fresno; treasurer, Dr. T. M. Hayden, of Fresno.

TULARE, Oct. 8.—The fourth annual Farmers' Institute came to a close this evening with an address by Prof. Bioletti, of the University of California, on the planting and care of vines.

He spoke of the necessity of watching the stalk growth, and said the custom has been to cut heavy cane short, and the light long. This was wrong, and said the reverse was the right way to do it. Light stalks about the size of a finger, but perhaps one or two in good stout growth in pruning three or four buds should be left. He also talked on staking and trellising.

William Glass spoke of the raisin growers' association and the Million Dollar Corporation, and the organization plan, on the planting and care of vines. He spoke of the necessity of watching the stalk growth, and said the custom has been to cut heavy cane short, and the light long. This was wrong, and said the reverse was the right way to do it. Light stalks about the size of a finger, but perhaps one or two in good stout growth in pruning three or four buds should be left. He also talked on staking and trellising.

At this afternoon session Prof. Bioletti spoke on the harvesting and care of crops.

H. A. George, a prominent Petaluma poultryman, conducted classes in poultry raising Monday morning and afternoon and illustrated his points with some of the fowls from Kernman, which took blue ribbons at the county fair.

Dr. Chester L. Roadhouse, city milk inspector of Berkeley and a veterinarian and dairyman of experience, spoke on the "Diseases of Animals" Monday morning and dealt with dairy topics Monday afternoon.

Monday evening Rev. D. Rhames of Fresno lectured on "Citizenship" and paid particular attention to the manner in which the public may be induced to better fulfill its duties along this line by the use of schools as social centers.

Wong Hong Jury Retires After Arguments by the Attorneys

HANFORD, Oct. 8.—The trial of Wong Hong, the Chinese bank janitor accused of carrying away a sack containing \$5,000 from the Hanford National Bank a few weeks ago, was submitted late tonight after a night session, for argument.

Today Wong went on the stand in his own behalf, and telling his story testified that Sue Thing, the Chinese accused of being his accomplice, entered the bank when he was at work and insisted on helping himself to the money, using a gun when Wong interfered, stating that he would kill him if he bothered him, but that if he allowed him to take the money he would divide with him.

WILL BUILD LARGE
WATER RESERVOIR

Turlock Irrigation District to Have
One With Capacity of 50,000
Acres Feet of Water

TURLOCK, Oct. 8.—Negotiations for the purchase of the remaining land for the purpose of building the long contemplated reservoir just south of Hickman, have been completed by the directors of the Turlock Irrigation District.

The site to be used will contain about 5,000 acres and when dammed up will store water to 50,000 feet of water, for this district. Arrangements have all been completed for the material to be used in the construction work on the walls, which when completed will be over a quarter of a mile in length.

MOVE MADE TO STOP SHIPPING DISEASED CATTLE TO BAY CITY

MODESTO, Oct. 8.—In the effort to get the rules of the aged station of shipping diseased cattle from this city into Oakland and San Francisco, the local officers have taken advantage of the law they can enforce in this regard, and arrested A. Zeff on the charge of cruelty to animals. Zeff was arrested yesterday by Policeman Elliott on the complaint made at the police station that Zeff had allowed a sick cow to go without food for two days in the railroad yards. It is alleged that Zeff has repeatedly sent tubercular cattle into Oakland and San Francisco, but the police here cannot reach him on this alleged charge owing to the fact that none of the cattle have been sold in Modesto. The police of Oakland and San Francisco have made every effort to stop the shipping of these cattle into those cities, but have so far been unable to cope with the traffic. It has been found that the cattle are taken from here outside the city limits and driven into the cities.

Zeff will be called into the police court on October 11th. He has been released upon the payment of \$50 cash bail.

PEACH AND RAISIN CARNIVAL TO OPEN NOV. 6TH IN SELMA

SELMA, Oct. 8.—Selma's first annual Peach and Raisin Carnival is to open in this city November 6th, and will continue for five days. The carnival has been planned with a view of giving greater publicity to the value of Selma's products, and while peaches and raisins are to be extensively featured, all kinds of products and live stock are to be included in the show.

The committee, which recently had charge of the exhibits at the county fair, feel that a great deal of good was accomplished there, yet it is thought that the same effort at Selma at a time when the local exhibits are not surrounded with so many counter attractions, will possibly accomplish even more. The Merchants' association and the Women's Improvement club of this city will be back of the enterprise, and it is proposed to enter new features each of the succeeding five days of the carnival.

Arrangements have been made to bring a large number of amusement concessions here for merry making during the carnival and a gala time is assured.

MANY ATTEND KERNAN FARMERS' INSTITUTE

Prof. Bioletti Gives Entertaining
Talk on Vine
Planting

KERNAN, Oct. 8.—The fourth annual Farmers' Institute came to a close this evening with an address by Prof. Bioletti, of the University of California, on the planting and care of vines. He spoke of the necessity of watching the stalk growth, and said the custom has been to cut heavy cane short, and the light long. This was wrong, and said the reverse was the right way to do it. Light stalks about the size of a finger, but perhaps one or two in good stout growth in pruning three or four buds should be left. He also talked on staking and trellising.

PLAN DEEP DRILLING FOR VENTURA FIELDS

Jalumet Will Seek Oil Near
3,000 Level; Hopes for
Greater Flow

VENTURA, Oct. 8.—The Calumet Oil Company is planning some deep drilling in its holdings in this field. This oil is located in the vicinity of the Montebello well, where about 2,000 barrels of oil are secured from a shallow depth.

Some time ago the Calumet well attracted interest because of the fact that it was drilled down about 2,500 feet before an oil sand was encountered. At that level the production since tested out is about fifty barrels of thirty gravity oil. This output, because of the gravity of the product, would prove profitable on pump even in spite of the depth. However, it has been decided to drill deeper on the well in the hope of securing a better flow at greater depth.

Six hundred feet from the Calumet line, the Montebello Oil Company is drilling wells which are reported to be the shallowest on its property and at the same time the best. The most water to the west of about half a mile from the line. The significance of this fact is that it shows very forcibly how variable the Ventura formation is.

The oil obtained at the depth of 2,500 feet in the Calumet's well is about four degrees less in gravity than the oil from the Montebello well. The company will probably derive production of the fifty-barrel sand, if oil is not secured at greater depth. The No. 2 well of the Calumet has encountered two strata of oil running about as high as the Montebello's and is now down about 1,500 feet.

COALINGANS LISTEN TO JAYNE'S REPORT

Secretary of Chamber of Commerce at
Weekly Luncheon Tells of Irriga-
tion Meeting at Salt Lake

COALINGA, Oct. 8.—Secretary Jayne occupied the time at the weekly luncheon of the Chamber of Commerce today in a verbal report of the things done at the irrigation meeting at Salt Lake. He told of the general work of the congress, and urged the local members to get behind the bill of Senator Newlands, of Nevada, for river regulation, which is to come up at the next session of congress and which provides for the storage of flood waters. The report was quite lengthy and was listened to with interest by the members.

MODESTO SOCIETY TO PUBLISH BOOK

MODESTO, Oct. 8.—The Modesto Choral Society held its first meeting of the season last night with about 125 present. There was considerable enthusiasm expressed and the work for the new year was started with interest. It is planned to publish a festival chorus book containing nine songs. A short program was rendered last night followed by refreshments.

FINE DAIRYMAN FOR VIOLATION OF LAW

TULARE, Oct. 8.—Antone Siquira, a dairyman residing east of this city, entered a plea of guilty of maintaining an unsanitary dairy today and was fined \$20 by Justice Dewitt. The evidence was secured and the complaint sworn out by County Dairy Inspector C. A. Peairs. Siquira offered the excuse that he had left the cleaning of the vessels to a 13-year-old boy.

RALLY IS PLANNED BY MODESTO DRYS

MODESTO, Oct. 8.—The Prohibitionists of Stanislaus county will hold a political rally at Paradise school house tomorrow evening. A program has been arranged including several musical numbers and J. W. Webb will tell some of his humorous stories. S. C. Gibson and C. E. McDowell, local candidates for supervisors, will address the meeting.

STANISLAUS BOARD BEING REORGANIZED

MODESTO, Oct. 8.—With the appointment of Levi Winklerblock, of Empire, as representative from that community on the reorganized county Board of Trade, there are now five in the directorate. The others are from Patterson, Denair, Hickman and Modesto. As practically all of the civic divisions held their monthly meetings by October 15, it is expected that a permanent organization of the Board of Trade will be called by that time.

MODESTO FIREMEN MEET AT BANQUET

MODESTO, Oct. 8.—The members of the Modesto fire department held their monthly meeting at the fire house last night. Following the business session, a banquet was served. George Vogelmann was chief, assisted by Fireman Shibe and Chief Wallace.

A report of his trip to Los Angeles and told of the work done by the Pacific Coast Chiefs' convention, held in that city in September.

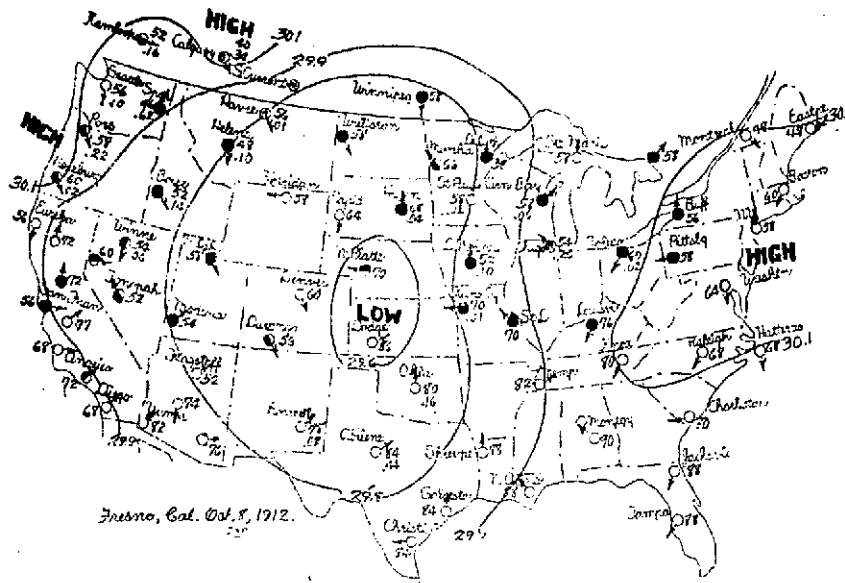

BIG SHIPMENTS ARE BILLED IN TURLOCK

TURLOCK, Oct. 8.—This city continues to hold her place as one of the principal shipping points in the San Joaquin valley, as the large number of cars billed out of the city during the past week amply shows.

During this period there were over ninety carloads of grapes, melons and sweet potatoes sent away from the local yards, the majority of them being loaded with wine grapes for various points along the coast. It is not turning out as well as it was expected to, and as a result the high average of the past few weeks, in shipping, was not kept up. One gratifying feature, however, is the fact that the grapes grown are getting a top price for their output.

Tulare Greeks Will Go and Fight Turks If War Is Declared

TULARE, Oct. 8.—At a meeting of the residents of Tulare held at the Olympia cafe yesterday evening, many renewed their allegiance to the mother country and stated their willingness to return for the purpose of taking up arms on her behalf in the event of war between

LOCAL FORECAST

Unsettled weather with some clouds; at times Wednesday not much change in temperature.

GENERAL CONDITIONS.

Since Monday evening the barometric depression then over the Canadian Northwest has moved southward into the Great Plains and in the meantime

the pressure has fallen considerably over the Plateau and Interior California. The disturbance is causing rain over the upper Mississippi valley and upper Lakes and from Oregon and Washington to the Dakotas while some cloudiness in the central portions of this state have attended the lowering pressure over this section. The weather is fair in the Southern States and along the Atlantic seaboard with temperatures from 16 degrees to 22 degrees lower over the latter section.

Local weather conditions will be more or less unsettled and cloudy during Wednesday but rain in the valley floor is not indicated.

W. E. BONNETT, Local Forecaster

SAN FRANCISCO, Oct. 8.—Forecast: San Joaquin valley: Cloudy Wednesday, continued cool, light west wind.

FRESH RANCH EGGS
NOW 40¢ STRAIGHT

Price Goes Up 2½ Cents on
Lots of Two Dozen;
Fruit Steady

Fresh ranch eggs took another jump upward yesterday on the local market, the new price being 40 cents a dozen straight. The former quotations were 37 cents or two dozen for 75 cents. This makes the third advance in price in three weeks, as the market held firm at 25 cents a dozen all summer. Dealers report that the egg supply will be short until next spring and high prices must be expected. However, the present quotation is believed to be at the high-water mark.

WITHOUT EMPLOYMENT, R. R. MAN ENDS LIFE

James P. Doyle Found Dead
at Recreation Park;
Drank Poison

Lying lifeless in front of a bench in Recreation Park with a partly emptied bottle of carbonic acid by his side, James P. Doyle, formerly in the employ of the Southern Pacific company in the Stockton and Salt Lake divisions, was discovered yesterday morning by inmates of the county hospital. From all indications the man committed suicide by drinking the poison as his mouth and lips had been burned by the acid. The remains were taken in charge by Coroner W. A. Bean but the inquest will not be held until later, as an attempt is being made to locate relatives of the man, who is a stranger in this city.

Doyle is supposed to have taken his life some time Monday night or early Tuesday morning. The body was discovered the first thing yesterday morning by inmates at the county hospital when they walked out into the space used by the Traction Company between the county hospital grounds and Recreation Park.

Sheriff McSwain first made an investigation and found no evidence of foul play. It is thought that Doyle took his life because of being despondent over his inability to find employment. No money was found in his pocket and the sheriff learned that last Sunday morning Doyle had appeared at the chief clerk's office at the Southern Pacific depot and asked for a position. He was informed that there were no vacancies at that time.

In Doyle's pocket was found a wallet which contained three railroad passes made out to James D. Doyle. Two of the passes were on the Southern Pacific Salt Lake and Stockton divisions and the third was on the Tonopah and Goldfield railroad. The passes gave Doyle's occupation as that of a timekeeper.

Sleeper cinders in the man's wallet showed that last August he had traveled between Tracy and Los Angeles and that in April he went from Reno to Alamo, Nev. The man is thought to have been about 40 years of age.

COMMENTS ON SPIRIT OF LOCAL HOTEL MEN

Hospitality to Competitors
Shows Progressiveness,
Says H. W. Lake

The apparent spirit of the hotel men of Fresno to work in harmony was commented upon by H. W. Lake, former manager of the hotel Vendome in San Jose and now manager, with Albert Bettens, of the Fresno hotel, which he hopes to open to the public by the first of December, on a business trip to this city yesterday.

Remarkable hospitality has been shown to many ways to the managers of the Fresno hotel who are venturing into the local field by Fresno hotel managers and owners, asserts Mr. Lake. "I believe that the attitude of hotel men goes a long way toward determining the co-operative or anti-co-operative spirit in a city and my cordial welcome by the local men I believe to be a sign of progressiveness," he says. "To welcome a competitor in a field is to admit that the field is large enough for more and one which may be developed."

Mr. Lake is a firm believer in the power of courtesy. The proper treatment of guests of a hotel, he believes, will aid a city greatly, whereas the poor care of visitors is likely to injure the community. He explains that men coming to a city with money to invest if shown scant courtesy and mediocre service at the hotels in which they may stay are extremely likely to form a poor opinion of the progressiveness of the city and in all probability would seek to sink their money in a community where the spirit of progress is reflected in the hotel service.

BURGLARS ROB TWO PORTERVILLE HOMES

PORTERVILLE, Oct. 8.—The homes of J. B. Lockyer and Mrs. C. H. Culubers in Putnam avenue were entered by burglars last evening before 9 o'clock. Property taken from the Lockyer home was valued at about \$100, including a ladies' watch, two necklaces, two bracelets, and a number of small pieces of jewelry. At the Culubers home the thieves were scared away by the return of Lexia Culubers, who entered the house about 9:30. There are some clues upon which the police are working and there is some possibility that the two men, supposed to have been implicated, may be captured.

FILE BILL AGAINST CITY FOR DAMAGES

PORTERVILLE, Oct. 8.—The Congregational church has filed a bill against the city for damages in the sum of \$200. The damage is alleged to have occurred from a break in a sewer main. The bill was tabled by the trustees, and the church society threatens to take the matter into court.

BUY YOUR DRUG WANTS

At Smith Bros., the leading druggists; their prices the lowest and their qualifications the highest.

NOTICE TO BUSINESS MEN.

How about your calendars? If you have delayed ordering until now, you still have an opportunity to select a suitable subject from the famous Brown & Bigelow line; pictures by such renowned artists as Harrison Fisher, J. L. G. Ferris, Will Greife, Christy, Moran, Lamoureux and others. Also an elegant line of water color calendars; just what your lady customers will prize.

WHICH IS YOUR MAN?

The American Government

BY
FREDERIC J. HASKIN

The Book That Shows Uncle Sam at Work!

The Best Seller of 1912, Fiction or Otherwise!

Save the Coupons!

One of these three men will be chosen in November to be the chief engineer of the greatest governmental machine in the world. The whole Nation is now considering that choice and whether your man wins or not, the man who does win will be your president for four years from the fourth of next March.

He Will Have a Big Job

You know that or you wouldn't have so much interest in the political contest. But do you know just how big a job it is? Do you know what the President does to earn his salary and how he does it? As an American citizen and a voter you ought to know. You help select the President and you are an equal partner in the great enterprise which he will direct for four years.

How Would You Like It?

The President is the commander-in-chief of the army and navy but that doesn't concern either him or you so much as the fact that he is the foreman of a force of half a million civil servants who do the work of your government. Through them the President performs thousands of duties ranging from the conduct of grave international diplomatic affairs to the driving of mules; from making maps to feeding hogs; from coining money to making ice cream; from digging canals to flying kites.

These Are Things You Ought To Know

There are thousands to tell you about the political end of the President's job. There is only one way to find out about the working of the great machine of which he is the head. There is only one book that tells it. It is filled from first to last with facts, big facts and little facts, but there isn't a dull page in it. It is as accurate as arithmetic and as fascinating as fiction. The proof is that every fact in every chapter has been vouched for by the highest governmental authority in that particular department—so much for the accuracy—and that it is the best seller of the year, having already reached its Four Hundredth Thousand—so much for its fascination.

HOW TO GET THIS BOOK

Desiring to render a great educational service to its readers, The Fresno Republican has arranged with Mr. Haskin to handle, WITHOUT PROFIT TO ITSELF, the exclusive output of his valuable book for Fresno. Cut six consecutive coupons (see page 3) from the Fresno Republican, and present them with 50 cents to cover the bare cost of manufacture, freight and handling, and a copy will be sent to you without additional cost. Bear in mind that this book has been most carefully written; that every chapter in it is vouched for by an authority; that it is illustrated from photographs taken especially for it; that it is printed in large, clear type on fine book paper and BOUND IN HEAVY CLOTH in an attractive, durable manner.

Save six consecutive coupons and present them at The Fresno Republican office, corner K and Tulare Sts.

EACH BOOK BY MAIL, 15 CENTS EXTRA FOR POSTAGE.

STOCK MAN FALLS FROM RIG, KILLED

LAKEPORT, Cal., Oct. 8.—Thrown from the seat of his buggy when the horses he was driving became frightened at the noise of a passing automobile truck, Daniel McLean, a retired stock man of Lake county, was killed last night on the mountain road near Hemlock, Mendocino county. His neck was broken by the fall and he died before aid could reach him. Perry Neal, who was riding with him, was slightly injured as the buggy went over an embankment.

ENGINEERS SURVEY TULE RESERVATION

PORTERVILLE, Oct. 8.—G. A. Gutches, inspector of timber lands for Indian reservations, was a visitor for the past few days on the Tule reserve, passing through this city today on his way to other reservations of this state. He states that a force of surveyors are at work placing monuments to mark the boundary of the Tule reserve, and that a force will probably be at work on the erection of the permanent marks for the ensuing year.

JUSTICE DECIDES SUIT OF SHIPPERS

BAKERSFIELD, Oct. 8.—Justice Flourney decided the case sustaining the position of the San Joaquin Valley Commercial Association in its contention that there shall be no discrimination as to rates between San Francisco and Bakersfield and San Francisco and Los Angeles. If the decision of the justice court is sustained by the Supreme Court, it will result in a saving of \$60,000 a year to valley shippers. The suit is brought under the long and short haul clause of the amendment adopted in February, 1911. The railroad contends that

a cheaper rate to Los Angeles should apply because of water competition. The case will now be appealed under a stipulation between counsel on both sides, and in case the decision is sustained rebates will be paid shippers for overcharges.

UNION PACIFIC DIRECTORS.

SALT LAKE, Oct. 8.—Seventy per cent of the shares of the Union Pacific Railroad company were voted at the annual stockholders meeting here today. The old directors were all re-elected. Alexander Miller, secretary to the Harriman companies, N. H. Loomis of Omaha and P. L. Williams of Salt Lake represented the stockholders.

TWO DEAD RESULT OF SHOOTING; WOMAN DIES WHILE SENSELESS

Mrs. Nat McKenzie and Bert Riggs Expire Without Making Any Statement; McKenzie Worse Last Night But Still Has Fighting Chance

Without regaining consciousness, Mrs. Nat McKenzie, who was mortally wounded Monday night by Bert Riggs after the latter had shot her husband, died yesterday afternoon at 3:15 at the county hospital, a few hours after Riggs had expired. Nat McKenzie was removed to the Burnett sanitarium from the county hospital yesterday morning, but late last night it was reported that his condition was very grave, but that the crisis would not be reached for the next twelve or twenty-four hours. Dr. O. B. Doyle, the attending physician, said that under favorable circumstances, McKenzie had only a fighting chance for his life.

UNABLE TO TALK. Yesterday a close watch was kept on Riggs and the unconscious victim of his mad act, but neither recovered consciousness enough to make a statement regarding the shooting, and now only McKenzie is left to tell the awful details which ended in his wife's death and the suicide of his business partner. McKenzie's statement of the shooting is believed by the officers, but still the police think that the real motive for the crime has not been uncovered.

DOMESTIC TROUBLES. Neighbors intimate that the domestic life of the Riggses was not smooth and that they had planned for a separation to the extent of preparing to sell their furniture. Another rumor is to the effect that Riggs was infatuated with Mrs. McKenzie. Intimate friends of the Riggs family yesterday admitted that the two had been in Los Angeles at the same time, but said that it was a coincidence and that both were in the south visiting with relatives.

INVESTIGATION MADE. The police yesterday made a complete investigation of the house on

Diana street, where the shooting took place, but no important facts were learned. From the clues set forth by the wrecked interior of the dwelling, the police are sure that the shooting took place as described by McKenzie Monday night. McKenzie said that the first shot fired while he was in bed, and the authorities are certain that this is true, as the pillow is blood stained, showing that McKenzie had his head on the pillow when the bullet went crashing into his skull. Riggs upon his second visit to the McKenzie house, after McKenzie and his wife had retired, was admitted into the living room by Mrs. McKenzie, who had thrown a wrapper about her to answer the door. The bed room is off the living room and is connected by two folding doors. These doors were closed when Riggs entered the house the last time he walked directly into the bed room and talked with McKenzie, while the latter was in bed. Mrs. McKenzie stood by waiting for Riggs to leave so that she could lock the door after him. When McKenzie rose up on his pillow and denied that he had returned, Riggs before a crowd of workmen at the Ogie house, where the men were employed, Riggs pulled the gun from his hip pocket and shot once at McKenzie. The ball struck him in the head, glanced downward and lodged in the mattress.

TERRIFIC STRUGGLE. McKenzie jumped from his bed with the blood streaming from his wound and grappled with Riggs, who beat him over the head with the gun until he broke the trigger guard. Riggs then seized a pitcher and broke it over McKenzie's head. The men fought from the bed room back into the living room and were followed by Mrs. McKenzie. When her husband fell to the floor, under Riggs' crushing blows, she made a rush for the infuriated man but was repulsed by a bullet which pierced her left hand. Mrs. McKenzie is thought to have had her hand raised as if to strike Riggs, as the bullet lodged in the ceiling.

LAYS ON FLOOR. Whether Riggs went to the house with the intention of killing Mrs. McKenzie is not known, but after seeing that she had turned on him, Riggs fired another shot which struck the brave little woman in the left eye, felling her instantly. Riggs then lay down on the floor a few feet from his two victims and placing the gun to his head, sent a bullet crashing into his brain. That Riggs lay on the floor when he committed suicide is deduced from the manner in which the gun was found lying between his shoulder and head. The police claim that this could not have occurred had Riggs stood up and then fallen to the floor.

SOUGHT WIFE'S DEATH. There is some indication now that Riggs may have planned to kill his wife Monday night before he went to the McKenzie home. Monday night Mrs. Riggs became frightened and went to the home of a neighboring woman, intending to stay until her husband returned. She was found there by Chief of Police Jones.

Mrs. Riggs yesterday informed friends that she heard some one prowling about the house Monday night and that when she asked if it was Bert the party did not answer, but ran away.

Riggs' father will arrive in Fresno this morning from San Bernardino and the funeral will be held Thursday morning at 10 o'clock from Stephens & Bean's chapel.

The remains of Mrs. McKenzie will be removed to Beall Bros' parlors this morning and funeral arrangements will be made there. Mrs. McKenzie was a young woman and was Mrs. Edith Mitchell before her marriage.

Coroner Bean will hold a joint inquest today over Riggs and Mrs. McKenzie.

MRS. RIGGS' STATEMENT. Mrs. Riggs yesterday made the following statement to Coroner Bean: "My home is at 2208 White avenue. The deceased is my husband. I have seen the body since death and identify it as Bert Riggs, a native of Iowa, aged about 32 years. The last time I saw him alive was last evening about 8 o'clock, October 7, when he came home from town. He had supper and then lay down for a while. Soon afterward he said he must go down town and arrange for some workmen for Tuesday. He seemed worried when at home. About 7 o'clock I telephoned Mrs. McKenzie, thinking perhaps Bert was there. He was there at the time I phoned and I told Mrs. McKenzie to have Bert bring home some medicine, as I was not feeling well. About 9 o'clock Bert had not arrived home. I phoned there

ESCAPED LUNATIC GIVES HIMSELF UP; SAYS HE IS CRAZY

Chris Gosa Escapes From Asylum But Realizes He Is Crazy; Wants Back

Saying that he escaped from the Stockton asylum on the 26th of September and that he realized he is a lunatic, Chris Gosa yesterday afternoon at 2 o'clock appeared at the sheriff's office and asked a constable to take him to the asylum and return him to the asylum. The deputies in the office were almost swept off their feet by the request of the man, but after he was questioned they decided he was sane and took him to the sheriff's office, where he was booked.

Gosa claims that sixteen years ago he was committed to the Stockton asylum from Kern county and that he had been a trustee at the asylum for many years. Last month he walked away from the state institution and after wandering aimlessly about found himself in Fresno. He realized that he was still deranged, so asked the officers to detain him until the arrival of one of the attendants. A letter was sent to the head official at the asylum to ascertain if Gosa is an escape. In the meantime the man will be held at the county jail.

and asked Mrs. McKenzie if her husband was at home. He was not there, but she said she would call him up when he did come home. Soon afterward she called me on the phone and said her husband had come home and he had left Bert on the corner of Fresno and K street. She said Bert was coming home on the car and waited a long time, and as Bert had not arrived, I rang up Mrs. McKenzie again. This time Mr. McKenzie answered the phone and said Bert was on his way home. He never came home, and after a long time I took the children and went to a neighbor, Mrs. Johns, on Belmont avenue, intending to remain there for the night, and if Bert came, would go with him. The reason I went to the neighbor's was that I was afraid to remain home and did not like to stay alone. This was near 11 o'clock. The first I knew of any trouble was when Chief of Police Jones came and told me about it. My husband and Mrs. McKenzie were partners in business. If there was any trouble between them I don't know of it. The family was on good terms. The only cause of Bert doing what he did was that when drinking he was very blue and would worry over being in debt. He imagined every one was down on him for owing so much money.

REALTY MEN GOING SOUTH ON SPECIAL

Pullman Car to Take 15 or 20 to Los Angeles With Raisins Tonight

A delegation of fifteen real estate dealers of this city will leave tonight for Los Angeles in a special Pullman car to attend the annual convention of the State Realty Federation. The convention opens tomorrow morning and continues for four days. Secretary George B. Hubbard of Fresno Realty Exchange yesterday engaged a special Pullman car from the Santa Fe on condition that at least fifteen will make the trip. This number will probably be signed up before noon today, and if successful in getting the required number, Secretary Hubbard will take 500 pounds of raisins to Los Angeles. These will be distributed among the delegates to the convention. The special car will be attached to the Santa Fe flyer, the Angel, which arrives here from San Francisco at 9:15 o'clock and leaves five minutes later.

Returning the car will be attached to the Saint, which is the name of the northbound flyer. Secretary Hubbard hopes to sign up twenty real estate men to make the trip, which is to be in the nature of a business excursion for Fresno city and county. The local exchange is now a member of the state federation.

MALAGAS ARE CENTER OF FRUIT MOVEMENT

Supply Still Holding Up; Market Better; Still Lack Cars

FRUIT SHIPMENTS. Shipments reported yesterday: Apples, 3257; Total to date, 3290. The supply of Malagas from this district continues to hold up and the movement out of the valley is still heavy. Yesterday thirty-three cars went out, bringing the total for the season up to 2230. Green fruit men state that the supply of Malagas will hold up for two weeks and possibly three. Shipments of Emperors will begin next week in earnest, though a few cars are reported to be ready to go out today. A few cars of Emperors are moving but the grapes are of poor quality due to the midwest. The surprise of the season is the big supply of Malagas, the crop exceeding all predictions. Within the past few days an advance of 15 cents a crate was noted on the Chicago market but advice received here yesterday were that prices are back to last week's quotations. The market is holding up well, however. Complaints are made daily by shippers of the shortage of refrigerator cars and officials of the Santa Fe stated yesterday that they have supplied twenty-five cars daily to the Southern Pacific in order to handle the movement of Malagas. In return the Southern Pacific has supplied the Santa Fe with a few cars of various commodities. Both railroads are co-operating with the shippers and want to relieve the car shortage and it is believed there will be sufficient cars to handle the movement of Emperors next week.
